# Electrical Division

Through a diverse line of products and services, we develop and implement cost effective, value-added electrical solutions designed to meet the needs of our clients' electrical requirements.

Pepco can effectively fulfill your daily product and service needs. Our five Ohio distribution centers inventory over 18,000 SKU's and ship all across the state of Ohio and the United States utilizing various channels of logistics and transportation methods.

Our Project Managers coordinate timely deliveries and material staging with our Logistical Support Groups to ensure on-budget distribution projects.

Pepco's expert staff can assist with all of your design requirements, specification documentation, and material take-offs of multi-faceted electrical, data/communications and lighting projects. We also provide material management services for every stage of any project type.

Pepco provides a complete solution for all your electrical needs. Our service-oriented professionals and engineers create and customize a solution to best fit your need, extending critical resources to support your project through successful implementation.

## Pepco is part of the Sonepar Group

Sonepar is an independent family-owned company with global market leadership in B-to-B distribution of electrical products, solutions and related services. Through a dense network of 80 brands spanning 40 countries, the Group has an ambitious transformation agenda to become the first global B-to-B electrical distributor to provide a fully digitalized and synchronized omnichannel experience to all customers. Drawing on the skill and passion of its 44,000 associates, Sonepar had sales of \$33.1 billion in 2022.\* For more information, visit [sonepar.com](https://www.sonepar.com).
